

2022 Delaware RESUSCITATION ACADEMY

PRESENTED BY NEW CASTLE COUNTY PARAMEDICS

The Resuscitation Academy's mission is to improve survival from cardiac arrest through a fellowship program designed specifically for EMS Providers, Managers, Directors and EMS Medical Directors.

The Delaware Resuscitation Academy models itself after the Seattle Resuscitation Academy. Lecture modules and hands-on skill stations with feedback mannequins make for a stimulating learning environment.

Participants will gain an understanding of the science behind high performance CPR, performance measures, and the knowledge, skills and ability to increase survival.

Eight hours of Continuing Education credit will be awarded at the EMT Basic and Paramedic Level upon course completion, by the State Office of Emergency Medical Services.
