

What is the Citizen's Police Academy?

The New Castle County Division of Police Citizen's Police Academy (the "Academy"), is designed to give New Castle County's citizens a working knowledge and understanding of the values, goals, and operations of the New Castle County Division of Police ("NCCPD"). The objectives of the Academy are to improve the lines of communication and to build a positive relationship between the New Castle County Division of Police and the community members we serve. The experience will afford citizens an opportunity to gain a deeper understanding of their police department while allowing NCCPD to continue our mission of community engagement.

What should I expect?

The Academy consists of eight (8) three-hour sessions over 9 weeks, conducted once per week on Thursdays, starting September 22, 2022. The Citizen's Police Academy will be held at the New Castle County Police Headquarters located at 3601 North DuPont Highway, New Castle, Delaware. There is no cost to attend. During the Academy, citizens will be offered academic and hands on experience related to the duties and responsibilities of police officers. The academy will be instructed by police officers and supervisors from NCCPD with expertise in various areas of law enforcement. Topics may include:

Drugs
Gangs
Criminal Code
Officer involved shooting/use of force
Firearm Simulation/Driving Simulation
Decision Making

Mounted Patrol
Criminal Investigation Unit/Crime
Scene Investigation
Crisis Negotiations/SWAT
Child Abuse/Neglect
Computer Crimes/Forensic and
Domestic Preparedness

Citizen's Police Academy topics may be subject to change from year to year. During the classes, participants are encouraged to ask questions and give feedback concerning the operations of the New Castle County, Division of Police. Additionally, the citizens bring a wealth of knowledge about their community, particularly the problems unique to their neighborhoods. In this way, members of NCCPD learn firsthand of the concerns of its citizens by interacting with them in a positive, non-confrontational setting. It is our sincere hope that the well-informed graduates will become partners with us in identifying problems and providing solutions to quality of life and crime issues that face their community.
